Application for Certificate of Property Code Compliance

On May 13, 2008, Toledo Municipal Code 1765, "Conditions for Conveyance of Property by Land Installment Contract" became law by Ord. #531-07, to ensure that a registered inspection is made on all residential dwelling units found in any structure sold on a land installment contract basis. Applicant must be the owner/vendor of the property, agent of property owner or have been appointed by the Probate Court as a Trustee, Guardian, Executor, or Administrator. At the time of application, a fee of \$120 must be paid for the Certificate of Property Code Compliance. The applicant must have a City of Toledo registered home inspector inspect the dwelling and complete the inspection report. Within 30 days of the application date, the inspection report must be returned to the Division of Building Inspection. If the applicant prefers to have the Division of Building Inspection inspect the dwelling and complete the inspection report, an inspection fee of \$300.00 must be paid at the time of application. After violations, any, are corrected, inspected and found to be compliant, a valid Certificate of Property Code Compliance will be issued by the Commissioner of Building Inspection.
