

2009 Leaf Collection Schedule and Status

(Schedule is subject to change and is dependant on the weather.)

Updated: 11/5/2009 12:27 PM

Loaf of the leaves are down and Leaf Collection has officially started. We have begun leaf pick-up in zips 43613 and 43623. We will not be returning to zip codes that have been completed. To reduce costs it is important that we remain on schedule. Please have your leaves raked to the curb (or placed in bags) not more than two days before the scheduled date of leaf pick-up.

*** Citizens are encouraged to mulch the leaves and use them in their yards and gardens. Mulched leaves add significant nutrients back into the yard and make excellent compost for use in the garden. If you are bagging the leaves, you can put significantly more leaves in the bag if the leaves are mulched first. Please use brown paper bags only. Please do not place any other debris, grass, twigs, branches or garbage with the leaves.**
